Detail view

The **SERMAX®** LV range of weighers has been designed for weighing and dosing up to 2L volume, improving hygiene and safety within the weighing environment and focusing on granulated products, maintaining, at the same time, the high level of precision required. Key features include:

- ▶ Hygienic design
- ▶ Remote connection
- ▶ Direct unload to the package
- ▶ FDA components
- ▶ Mobile structure
- ▶ Overweight rejection
- ▶ Easy cleaning
- ▶ Offset distance between lines adjustable.
- ▶ Products mix
